

DuPont™ SentryGlas® Expressions™

decorative interlayers (Patent Pending)

DuPont Glass Laminating Products

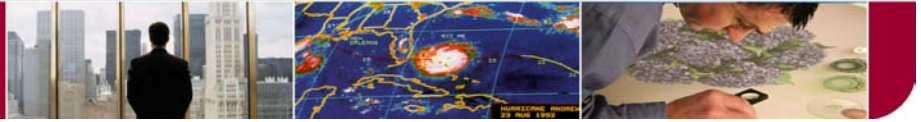

Image Requirements

Photographic Scans

Generally, 4 in. x 5 in. (102 mm x 127 mm), or larger, transparencies are preferred. In some situations, 35 mm transparencies will suffice but where possible, larger transparencies improve reproduction quality. It is important that images are professionally scanned and color corrected with a high-end scanner. If these facilities are not available, our pre-press department can prepare for you.

Original Artwork

Original artwork or samples also may be utilized. The original sample should be digitally photographed or scanned, and then color corrected, by a professional using high-end equipment. If these facilities are not available, our pre-press department can assist you.

Color Proofs

We recommend that you supply a proof of your artwork. Please specify any PMS colors, if applicable, on the proof.

Recommended File Formats for Electronic Data*

Photoshop	(Mac/PC)	PSD, EPS, TIFF
Illustrator	(Mac/PC)	AI, EPS (with embedded fonts)
Freehand	(Mac/PC)	FHD, Editable EPS
QuarkXpress	(Mac/PC)	QXD, EPS

*Any special fonts must be included

Other Formats

Page Maker	Mac	
InDesign	(PC)	INDD

If supplying a linked document, please make sure that all associated graphic fonts are included. If using Illustrator or Freehand, please convert fonts to paths or outlines.

Accepted File Media

CD-ROM	(Mac/PC)	
ZIP 250 MB	(Mac/PC)	Backwards compatible
JAZ 2 GB Drive	(Mac/PC)	Backwards compatible

Scaling, Resolution and File Size

Usually files are best scaled at 1:10 for easy handling, (although other scaling factors are acceptable). Generally, image files should be 150 - 200 pixels per inch (60 – 80 pixels per cm) at final image size. Bitmap image files should generally be no more than 250 MB but greater than 50 MB. It is better to provide as high a resolution as practical.

Image Dimensions

We prefer the maximum final image size to be 60 in. x 135 in. (1525 mm x 3430 mm). Larger sizes may be available upon request. No size is too small.
