

DuPont™ AudioComfort™ Acoustic Panels Fact Sheet

AudioComfort™ with DuPont™ Tyvek® facing delivers superior benefits facility managers look for, including:

- Excellent sound absorption without space needed for drop ceilings (NRC 1)
- Cleanability: water and stain resistance
- Lint and loose fiber-free surface does not support mold growth
- Lightweight solution engineered for easy installation in most restricted areas without disrupting normal operating activities
- High diffuse light reflectance (>0.89 in average)
- A minimum of 25% recycled glass content of which 20% is post-consumer recycled glass
- Outer covering that is highly resistant to particle penetration and is fully recyclable
- Meets Class A flammability ratings (ASTM E84)
- Available in a variety of sizes and shapes to accommodate most spaces
- Can be installed in new or existing buildings

The miracles of science™
