

TOGETHER, WE CAN...

Nourish a growing population | Build a secure energy future | Make the world a safer place

FOOD

Together we can feed the world.

ENERGY

Together we can decrease dependence on fossil fuels.

PROTECTION

Together we can protect what matters most.

Looking for a challenging opportunity to make a difference?

DuPont is seeking energetic Bachelor degree candidates majoring in Marketing, General/Sales Management, Communications, Engineering and other sciences to become part of our community.

Come Join Us: The DuPont Commercial Development Program

How does the Program work?

As a member of the DuPont Commercial Development Program you would develop commercial business skills and gain exposure to a variety of sales and marketing disciplines through challenging assignments in one of DuPont's 13 business units. The program is designed as a three-year rotational experience where you will complete two to three assignments lasting approximately one year each.

What are the requirements?

- Undergraduate degree with a Business, Engineering or Science major, with a GPA of at least 3.0
- Internship or other experience in marketing, sales, communications or business roles
- Outstanding problem-solving, analytical and interpersonal skills
- Excellent writing/verbal communication and presentation skills
- Strong leadership capability
- Travel is anticipated in many of the roles, regardless of location

How do I apply?

Apply online at: www.dupont.com/careers

The opportunities we offer for personal and professional growth, and rewards, make DuPont one of the best career choices today

Come join us! . . Together, We Can Make the World a Better Place
