

# Dry-running conveyors in bottling plants

## OPPORTUNITY FOR METAL SUBSTITUTION

### Product

- DuPont™ Delrin® 100KM, poliacetal resin,  
DuPont™ Kevlar® modified

### Benefits

- Better working environment with less noise in plant
- Improved productivity due to lower maintenance
- Environmentally friendly with low or no water usage and elimination of soap typically used with metal.
- Recyclability

### Status

- Commercial

1600 Belts in Delrin® Kevlar®,  
Food Industry, metal cans
