DUPONT IS YOUR BEST SOURCE OF HIGH PURITY GLYCOLIC ACID

DuPont is the world's leading supplier of Glycolic Acid. We are actively working towards REACH compliance.

DuPont™ Glycolic Acid means:

- Quality & Consistency
- Pure, clean, color-free
- Reliable supply
- Low odor
- Biodegradability
- Less chance of trace impurities
- Compatibility with other compounds & ingredients

Glypure® L is manufactured to ensure purity levels 100 times higher than common technical grade Glycolic Acid. Glypure® L 70% has an aqueous solution at 70% concentration, pH (25°C): 0.5, and is colorless. Glypure® L 99% has Crystalline powder at 99% and is also colorless.

Only DuPont™ Glypure® L allows use of cosmetic anti-aging claims

The DuPont license agreement with NeoStrata will allow customers to benefit when formulating with Glypure® L. Our customers are licensed to promote a wide range of cosmetic claims associated with NeoStrata's patents on their packaging & marketing materials. Claims regarding the improvement of nails and hair are also included in the license agreement for Glypure® L. In addition, the material may be used as a component of over-the-counter (OTC) and prescription drug products.
