

DuPont™ Krenite® S + Lineage™ ClearStand™

herbicides

Count on DuPont for effective brush control

A tank mix of DuPont™ Krenite® S brush control agent + new DuPont™ Lineage™ ClearStand™ herbicide provides broad-spectrum control, including oak, hickory, maple, black locust, elm, *Rubus* spp., multiflora rose, pine, cherry, ash, sweet gum, birch, persimmon, sassafras, privet, tree-of-heaven (*Ailanthus*), red cedar, spruce and firs.

In addition to effective control, a Krenite® S + Lineage™ ClearStand™ tank mix offers the following benefits:

- Three compatible active ingredients.
- Keeps rates per acre and costs low.
- Can be used on floodplains, terrestrial areas of deltas and low-lying areas when water is not present. See label for details.
- These herbicides are not federally restricted-use products.
- Excellent combination to control resprouting brush.
- Non-volatile, no odor.

Here's how to apply:

High-volume handgun:

1.5 to 2 gallons of Krenite® S

- + 3 to 25 ounces of Lineage™ ClearStand™
- + 1 to 2 quarts of surfactant per 100 gallons of water

Fixed-boom rate per acre:

1.5 to 2 gallons of Krenite® S

- + 6 to 25 ounces of Lineage™ ClearStand™
- + 1 to 2 quarts of surfactant in 25 to 100 gallons of water per acre

Low-volume backpack:

4 to 8% Krenite® S

- + 25 to 37 ounces of Lineage™ ClearStand™ per 100 gallons of water
- + 1% surfactant.

Apply 5 to 25 gallons of solution per acre, depending on brush height and density. See back for a list of brush species controlled.

How to get the best results

- Choose a non-ionic surfactant that has at least 80 percent active ingredient.
- When using hard water, add 4 ounces of sodium gluconate per 100 gallons.
- Be sure to calibrate application to achieve labeled rates per acre.
- Consult the product labels for additional/use information or restrictions. Follow the label guidelines that are the most restrictive.

For more information

We sincerely appreciate and thank you for using our products.

**Brush species controlled with a tank mix of
DuPont™ Krenite® S and Lineage™ ClearStand™**

Species		Species	
Alder	<i>Alnus spp.</i>	Myrtle dahoon	<i>Ilex myrtifolia</i>
Alder, red	<i>Alnus rubra</i>	Oaks	<i>Quercus spp.</i>
Ash	<i>Fraxinus spp.</i>	Oceanspray	<i>Holodiscus</i>
Aspen	<i>Populus spp.</i>	Olive, autumn	<i>Elaeagnus umbellata</i>
Beech, American	<i>Fagus grandifolia</i>	Olive, Russian	<i>Elaeagnus angustifolia</i>
Blackberry	<i>Rubus spp.</i>	Osage orange	<i>Maclura pomifera</i>
Blackgum	<i>Nyssa sylvatica</i>	Persimmon	<i>Diospyros virginiana</i>
Blueberry	<i>Vaccinium spp.</i>	Pine, Eastern white ²	<i>Pinus strobes</i>
Boxelder	<i>Acer negundo</i>	Pine, loblolly	<i>Pinus taeda</i>
Camelthorn	<i>Alhagi maurorum</i>	Pine, Virginia	<i>Pinus virginiana</i>
Ceanothis	<i>Ceanothis spp.</i>	Plum, wild ²	<i>Prunus munsoniana</i>
Cherry	<i>Prunus spp.</i>	Poison oak	<i>Rhus diversiloba</i>
Chinaberry	<i>Melia azadarach</i>	Popcorn tree	<i>Sapium sebiferum</i>
Chinquapin	<i>Castanopsis chrysophylla</i>	Poplar	<i>Populus spp.</i>
Cottonwood, black	<i>Populus trichocarpa</i>	Privet	<i>Ligustrum vulgare</i>
Cottonwood, eastern	<i>Populus deltoides</i>	Red cedar, eastern	<i>Juniperus virginiana</i>
Cypress	<i>Taxodium spp.</i>	Rose, MacCartney	<i>Rosa bractreata</i>
Cypress, bald	<i>Taxodium distichum</i>	Rose, multiflora	<i>Rosa multiflora</i>
Dogwood	<i>Cornus spp.</i>	Salmonberry	<i>Rubus spectabilis</i>
Elder	<i>Sambucus nigra</i>	Saltcedar	<i>Tamarix ramosissima</i>
Elm	<i>Ulmus spp.</i>	Sassafras	<i>Sassafras albidum</i>
Eucalyptus	<i>Eucalyptus spp.</i>	Snowberry	<i>Symphoricarpos albus</i>
Fern, bracken	<i>Pteridium aquilinum</i>	Sourwood ³	<i>Oxydendrum arboretum</i>
Fetterbush	<i>Lyonia lucida</i>	Sparkleberry	<i>Vaccinium arboretum</i>
Firs	<i>Abies spp.</i>	Spruce, black	<i>Picea mariana</i>
Grape, wild	<i>Vitis spp.</i>	Spruce, white	<i>Picea gluaca</i>
Gum, black	<i>Nyssa sylvatica</i>	Staggerbush	<i>Lyonia mariana</i>
Hawthorn	<i>Crataegus spp.</i>	Sumac	<i>Rhus spp.</i>
Hickory	<i>Carya spp.</i>	Sweetgum	<i>Liquidambar styraciflua</i>
Honeysuckle	<i>Lonicera spp.</i>	Sycamore	<i>Platanus occidentalis</i>
Locust, black	<i>Robinia pseudoacacia</i>	Tallowtree, Chinese	<i>Sapium sebiferum</i>
Lyonia spp	<i>Lyonia spp.</i>	Tanoak	<i>Lithocarpus densiflorus</i>
Madrone	<i>Arbutus menziesii</i>	Thimbleberry	<i>Rubus parviflorus</i>
Maple, bigleaf	<i>Acer macrophyllum</i>	TiTi	<i>Cyrilla racemiflora</i>
Maple, red	<i>Acer rubrum</i>	Tree of heaven	<i>Ailanthus altissima</i>
Maple, vine	<i>Acer circinatum</i>	Wild roses	<i>Rosa spp.</i>
Melaleuca	<i>Melaleuca quiquenervia</i>	Willow	<i>Salix spp.</i>
Mulberry ¹	<i>Morus spp.</i>	Yellow poplar	<i>Liriodendron tulipifera</i>

¹ Best control prior to fall leaf color.

² Use a minimum of 2 gallons per acre of Krenite® S.

³ Degree of control may be species dependent.

NOTE: For low volume and ultra-low volume ground applications, add 25 ounces of Lineage™ ClearStand™ per 100 gallons of spray solution.

DuPont™ Lineage™ ClearStand™ may not be registered for sale or use in all states. See your local DuPont retailer or representative for details and availability in your state.
