

# High Use-Temperature

DuPont Powder Coatings offers a broad range of high temperature resistant coatings ideal for barbecue grills. DuPont has recently introduced coatings which perform in the 800-1000°F range required for muffler and stove coatings. Ongoing research is providing improvements in powder handling and transfer efficiency.

## COATINGS FOR BARBECUE GRILLS (for use up to 600 - 800°F)

HT Black	SSB205H1
BBQ Black	SSB604H1
Hi-temp Black	SFB605Ho

*Colors available upon request (e.g. blue, green, silver, gray)*

## STOVE AND EXHAUST SYSTEM COATINGS (for use up to 800 - 1000°F)

Pipe Black	SSB603H1
Exhaust Black	SSB610Ho

## SPECIALTY COATINGS (for use up to 550°F)

Smooth Black	SSB602S2
Smooth Black CG	SSB611H2
Hearth Black	SSB609Ho
