

# DuPont™ Crop Protection Plus® Wheat and Barley Program

*When you can't count on the weather  
Count on DuPont*

*Thousands of acres of wheat and barley are destroyed by the weather each year. While none of us can change the way nature behaves, DuPont would like to change the way we deal with its aftermath.*

Crop Protection Plus® is a product cost replacement program from DuPont for wheat and barley growers in the United States who apply DuPont™ Affinity®, Agility™\*, Ally®, Express®, Finesse®, Glean® or Harmony® brand herbicides during the fall 2008 or spring 2009 season. Under Crop Protection Plus®, DuPont will provide eligible growers with product cost replacement credit when a field or a majority of a field treated with a DuPont herbicide for wheat has been so affected by drought, flood, hail, frost/freeze or fire that it is uneconomical to harvest.† Should this occur, DuPont will provide credit through the local retailer where purchased in the dollar amount of the in-season purchase used to treat the lost area. The credit may be applied to purchases of DuPont product the next season or the year thereafter.

## **No paperwork**

Growers are automatically eligible for Crop Protection Plus® when they purchase DuPont brand herbicides for wheat from a local DuPont Crop Protection retailer. Qualifying herbicide brands are Affinity®, Agility™\*, Ally®, Express®, Finesse®, Glean® and Harmony®. Herbicides must be purchased between Sept. 1, 2008, and July 31, 2009, and applied at the labeled rates during the 2008/2009 season. There are no forms to fill out or paperwork to deal with unless a request for herbicide cost replacement is filed. (See Terms and Conditions for details.)

- The original purchaser-grower and is not transferable. Purchases must be made from a local DuPont Crop Protection retailer. "Local DuPont Crop Protection retailer" means the DuPont Crop Protection Products retailer whose place of retail business is within 80 miles of the purchaser-grower's eligible field(s) or purchaser-grower's primary residence.
- Affinity®, Agility™\*, Ally®, Express®, Finesse®, Glean® and/or Harmony® brand herbicides purchased from your local DuPont Crop Protection retailer and applied to your wheat or barley crop at the labeled rate during the fall 2008/spring 2009 growing season.

site inspection, or request record certifying crop loss and its cause as a condition for product cost replacement.

- Eligible grower-purchasers who submit their product cost replacement requests to DuPont immediately after the damage has occurred or as soon as possible after the damage has occurred, but no later than Aug. 30, 2009, for winter wheat and Oct. 31, 2009, for spring wheat, durum and barley. All product cost replacement requests must be submitted to DuPont prior to harvest and through the local DuPont Crop Protection retailer where the product was purchased. All decisions regarding fall 2008/spring 2009 DuPont™ Crop Protection Plus® Program eligibility, including but not limited to product cost replacement amounts and eligibility verification of local DuPont Crop Protection retailer, remain solely with DuPont and the decisions of DuPont are final. The fall 2008/spring 2009 DuPont™ Crop Protection Plus® Program product cost replacements are totally discretionary with DuPont and product cost replacement shall be a full discharge of all DuPont obligations under the Program. Under no circumstances will DuPont provide cash in lieu of a credit at the local DuPont Crop Protection retailer for DuPont product cost replacement. Timing for credit distribution is solely with the discretion of DuPont. DuPont reserves the right to suspend or cancel the Program at any time without prior notice and without liability.
