RE: Approval of a Level 3 Modification of the BAX® System PCR Assay for Screening *Salmonella*, AOAC-RI *Performance Tested Method*SM 100201 in beef, produce and soy protein flour.

Dear Dr. Peng:

Congratulations! The Level 3 Modification of the BAX® System PCR Assay for Screening *Salmonella* in beef, produce, and soy protein flour was approved for *Performance Tested Methods*SM status on June 30, 2009. This modification validates the use of the BAX® System PCR Assay for Screening *Salmonella* in beef and produce using the BAX® System PCR Assay for *E. coli* O157:H7 MP enrichment media and protocol. The modification also includes a matrix extension for soy protein flour using the standard BAX® System PCR Assay for Screening *Salmonella* enrichment protocol. This kit is assigned certification license number 100201.

Best regards,

Maria Nelson
