Non-Presence of SVHC

September 2, 2009

Dear customer,

Subject: Absence of REACH Substances of Very High Concern in Ti-Pure® Titanium Dioxide Pigments

The intent of this letter is to clarify how DuPont Ti-Pure® Titanium Dioxide Pigments are affected by the REACH 'Candidate List'. As supplied, there are no substances intended to be released from these products as defined by article 7(1) under normal or reasonably foreseeable conditions of use.

DuPont Titanium Technologies confirms that the above products do not contain any of the 15 substances listed in the 'Candidate List' (press release ECHA/PR/08/38 of 28th October 2008) in an individual concentration of ≥ 0.1 % by weight.

DuPont Titanium Technologies confirms that the above products do not contain any of the 15 substances proposed for inclusion to be listed in the 'Candidate List' (press release ECHA/PR/09/12 of September 1, 2009) in an individual concentration of ≥ 0.1 % by weight.

We are committed to comply in every respect to the requirements of REACH and relevant amendments. At present we do not expect any anticipated Substances of Very High Concern to be in our above products requiring reporting to the supply chain.

Should you have any question regarding the content of this letter, or any other REACH related subject, please do not hesitate to contact us.

Yours faithfully,

Annemie Verhaege
