

**Dr. Chang's Clinic, Taipei, Taiwan**

Michael Young, Designer, Taipei

**ISSUES**

- ◆ Designing a healthcare facility that is warm and inviting, yet modern and sleek.
- ◆ Creating a temple to female beauty that is completely unique.
- ◆ Building a functional, well-designed environment that withstands daily wear and tear and is easy to clean.

**CHALLENGES**

- ◆ Choosing a durable, practical surface that offers versatility in many applications such as walls, wall rails, doors, door frames, thresholds, base cove and a 20-foot long reception table.
- ◆ Finding a material that can be fabricated into many different shapes, textures and applications.
- ◆ Identifying a translucent wall cladding product that will allow for the planned 3-D backlight design.

**SOLUTIONS**

- ◆ The translucency of Corian® created a spectacular effect in the backlit walls of the reception area where a custom Computer Numeric Controlled pattern was routed into the surface.
- ◆ Corian® is durable and can be easily and repeatedly washed and disinfected with no worry of deterioration in critical applications such as the operating room walls.
- ◆ Corian® adds beauty in a broad range of healthcare applications that need to withstand daily traffic.

**BENEFITS**

- ◆ Corian® surfaces meet virtually any size requirements and can be carved, backlit and thermoformed into most any design – offering flexibility unmatched by any other surface material.
- ◆ Corian® is easy to clean and nonporous – making it resistant to the growth of mold, mildew or bacteria.
- ◆ Corian® is renewable and easy to repair. It stays looking as beautiful as the day it was installed.

**PROJECT COLOR**

Corian®  
Glacier White

The miracles of science™

## The beauty of Corian® in healthcare.

Easy-to-clean interiors don't have to be cold and sterile. DuPont™ Corian® solid surfaces create warm, inviting environments that meet the tough demands of healthcare.

### Discover the many great healthcare applications for Corian®:

- Worktops at nurses' stations and other reception areas
- Windowsills and wainscoting
- Way-finding
- Patient and public restroom vanities and bowls
- Patient bath and shower surrounds
- Wall cladding
- Tables, laboratory sinks and work surfaces
- Slabs and cladding for mortuaries
- Pharmacy counters and staining benches for histology labs
- Operating room walls and surfaces

## Corian® is...

### **NONPOROUS**

Will not support the growth of mold, mildew or bacteria

### **EASY TO CLEAN**

No grout or seam gaps; maintenance costs and time are greatly reduced

### **STAIN-RESISTANT**

Stains can't permeate and are easily removed

### **DURABLE**

Tough and long-lasting; stands up to heavy use and abuse; problems with wall damage are virtually eliminated

### **EASILY INSTALLED**

Can be installed or retrofitted over existing, sound tile—saving downtime

### **AIR QUALITY FRIENDLY**

Maintains good indoor air quality—no off-gassing, no VOCs

### **RENEWABLE**

Marks and scratches can be removed easily to restore it to its original condition

### **CODE COMPLIANT**

Class 1 (A) fire rated and NSF/ANSI 51 Certified for food contact of all food types. Can be molded and formed with no sharp edges or corners for ADA compliance

### **WARM AND INVITING TO THE TOUCH**

The practical surface material that creates a unique, beautiful statement

### **STYLISH**

Over 110 colors—more than any other solid surface—plus custom color options

...the perfect surface  
for healthcare.
