DuPont Awarded “Green Approved” Product Seal from NAHB Research Center
DuPont Products Eligible to Earn National Green Building Standard Points

WILMINGTON, June 6, 2009 – DuPont Building Innovations today announced products from its Building Innovations portfolio have received the coveted Green Approved Product Seal for National Green Building Certification by the National Association of Home Builders (NAHB) Research Center. In addition, DuPont Surfaces will be the first in their categories to be awarded the recognition. Under this prestigious third-party endorsement, DuPont ‘Green Approved’ products can now be used by builders to earn points toward certification to the National Green Building Standard.

“Sustainability continues to be a critical strategic initiative for DuPont,” said Alan Hubbell, marketing manager – DuPont Building Innovations. “From our latest surfacing introductions to new building envelope innovations, this certification further demonstrates our commitment to providing sustainable solutions for the marketplace.”

In the building envelope category, 10 products from the DuPont™ Tyvek® portfolio received the Green Award mark due to their ability to help seal the building envelope and help create a more comfortable, energy-efficient home or building. DuPont Weatherization Systems products (and potential points earned) include:

- DuPont™ Tyvek® [HomeWrap®](#) (up to 2 points)
- DuPont™ Tyvek® [StuccoWrap®](#) (up to 2 points)
- DuPont™ Tyvek® [DrainWrap™](#) (up to 2 points)
- DuPont™ Tyvek® [ThermaWrap™](#) (up to 2 points)
- DuPont™ Tyvek® [CommercialWrap®](#) (up to 2 points)
- DuPont™ [FlexWrap™](#), [FlexWrap™ RW](#), [StraightFlash™](#), [StraightFlash™ VF](#) and DuPont™ [Flashing Tape](#) (up to 6 points)

In the Surfaces category, Zodiaq® *Terra Collection* received the Green Award due to its post consumer recycled content. In addition, all colors of Corian® and Zodiaq® received approval for their ability to be used in vertical cladding applications. Products include:

- The DuPont™ Zodiaq® [Terra Collection](#), a collection of quartz surfaces that contain 25 percent post-consumer recycled content (up to 2 points)
- DuPont™ Corian® [Solid Surfaces](#) and DuPont™ Zodiaq® [Quartz Surfaces](#) in wall cladding applications, all colors qualify (up to 4 points)

To learn more about DuPont™ Tyvek®, visit weatherization.tyvek.com or call 800-44Tyvek. For more information on the entire DuPont Surfaces portfolio, visit countertops.dupont.com or call 800-4-CORIAN (DuPont™ Corian®) or 877-229-3935 (DuPont™ Zodiaq®).

DuPont - one of the first companies to publicly establish environmental goals 19 years ago - has broadened its sustainability commitments beyond internal footprint reduction to include market-driven targets for both revenue and research and development investment. The goals are tied directly to business growth, specifically to the development of safer and environmentally improved new products for key global markets.

DuPont is a science-based products and services company. Founded in 1802, DuPont puts science to work by creating sustainable solutions essential to a better, safer, healthier life for people everywhere. Operating in more than 70 countries, DuPont offers a wide range of innovative products and services for markets including agriculture and food; building and construction; communications; and transportation.
